Help Save Time & Save Lives with ZeroEyes

At ZeroEyes, we develop proactive solutions to help mitigate mass shootings and gun-related violence, reduce response times and save lives.

- >> We want to end mass shootings in America. Given the increasing number of those tragic events, it's clear a proactive solution is needed.
- >> ZeroEyes was founded in 2018 by a team of elite technologists and U.S. Navy SEALs who lived through countless active shooter situations.
- >> We focus solely on AI-powered, human-verified firearm detection that works with your existing security cameras to help identify visible guns at first sight—not first shot.
